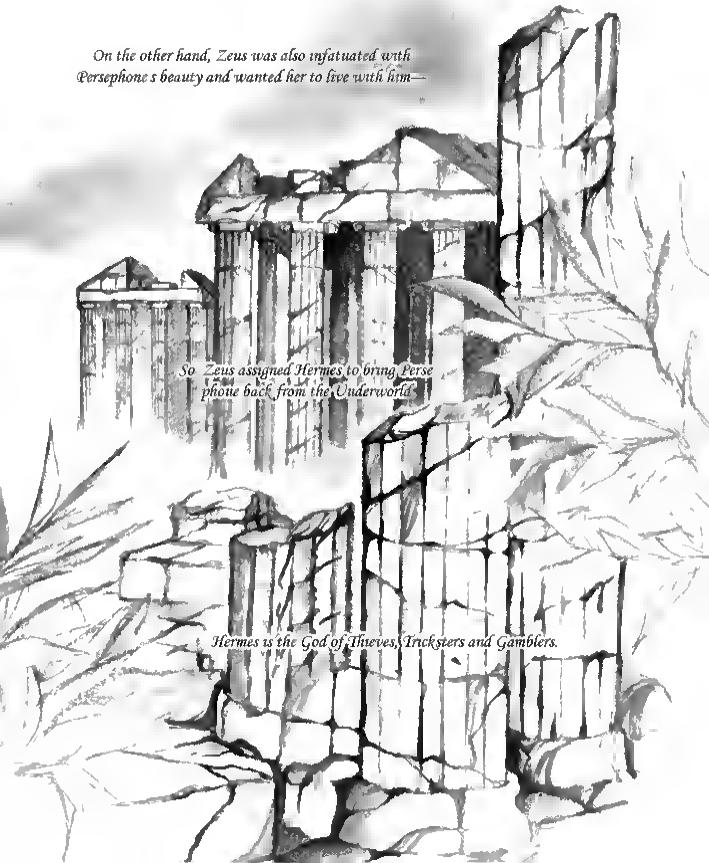
This is a tale of Greek Mythology from the ancient times—
Many thousands of years later,
The gods and goddesses have awaken once again
Aries
~ A Tale of Constellations ~
伝説の星座宮

The God of Death, Hades fell in love with Demeter's daughter, Persephone and abducted her to live with him in the Underworld.

On the other hand, Zeus was also infatuated with Persephone s beauty and wanted her to live with him—

So Zeus assigned Hermes to bring Persephone back from the Underworld.

Hermes is the God of Thieves, Tricksters and Gamblers.



HUMANS EVOLVE WITH THE CHANGE OF ERAS—
BUT HE HAS NOT CHANGED. HE'S STILL AS ANNOYING AS EVER
KILL HIM
